

KentuckyOne Health™ Common Thread Mission Statement

Who We Are:

KentuckyOne Health's magazine, *Common Thread*, features inspiring outreach and mission stories about our employees and their commitment to provide high-quality, compassionate care to our patients and communities.

It is a quarterly publication mailed to employees' homes for entire families to enjoy. Additionally, it is mailed to community members and affiliates within our markets. Copies also are made available in patient waiting areas throughout our hospitals and facilities.

There is a common thread that unites us all – our passion for health care, for people and communities, for a healthier tomorrow and an unsurpassed quality of care – and through this magazine, we share stories of hope, encouragement and transformation.

Background:

Common Thread was created in 2008 by the former Saint Joseph Health System as a way to connect its growing family during a period of rapid expansion. As an eight-hospital health system with facilities as far as 180 miles from each other, *Common Thread* became a vehicle to unite more than 6,000 employees.

Now, joining with Jewish Hospital & St. Mary's HealthCare as [KentuckyOne Health](#), *Common Thread* is traveling across the state of Kentucky and southern Indiana to more than 13,600 employees to celebrate the extraordinary work they do every day.

Current Specs:

Primary Audience: KentuckyOne Health Employees

Secondary Audience: Physicians, Volunteers, Board Members, Community Members

Publication Frequency: Quarterly

Circulation: 16,000

About KentuckyOne Health:

KentuckyOne Health was formed when two major Kentucky health care organizations came together in 2012. KentuckyOne Health combines the Jewish and Catholic heritages of the two former systems – Jewish Hospital & St. Mary's HealthCare and Saint Joseph Health System.

The nonprofit system is committed to improving the health of Kentuckians by integrating medical research, education, technology and health care services wherever patients receive care. KentuckyOne Health has nearly 200 locations including hospitals, physician groups, clinics, primary care centers, specialty institutes and home health agencies, with more than 13,600 employees across the state of Kentucky and southern Indiana.

KentuckyOne Health is the largest health system in Kentucky and has more than 2,325 licensed beds.
